Eagles Make Raid On Turkeys

Payson Ariz.—To some the American eagle is a noble bird, but to Mrs. Will Cohea it is no better than a vulture. Eagles intrude upon Mrs. Cohea's large turkey flock even more than do coyotes, swooping down swiftly to seize turkeys before theere is time to stop them with either gun or dog.

Persecution Of Jews Stirs Entire World

LONDON — A five-power conference probably will be called to meet in London within a few days to discuss relief for Jews from Germany, it was indicated today.

WASHINGTON — President Roosevelt has circled the Western Hemisphere with a boldly drawn deadline against fascism and today invites 20 sister Republics and the Dominion of Canada to help the United States defend it against aggression.

"Continental defense" has superseded "national defense" in American policy.

The President coupled his defense announcement with terse and blistering comment on German persecution of Jews. It followed shortly the United States' protest against "unwarranted" Japanese violations of American property and personal rights in China, and warnings to Italy to respect rights of American Jewish nationals.

This establishment of United States defense on a "continental basis" in partnership with the 21 peoples who occupy the Western Hemisphere with us spotlights the forthcoming Pan-American conference in Lima, capital of Peru, as a meeting to bulwark the new world against floodtides running riot in Europe and Asia. Secretary of State Hull will sail November 25 as head of the American delegation to Lima. The conference will begin December 9.

There is no excitement but a steady pressure for speed here as the United States prepares to live in a newly troubled world.

War Department officials talk of basic equipment for a field army of 1,000,000 men and they want it quick—within eight months, some of them insist. Back of it all are hope and belief that a continental partnership would be too imposing for any aggressor to dare adventure in the new world.

But battleships are rising from their cradles in the shipyards and more are to be built. "Educational orders" shortly will be accustoming more peace-time manufacturers to the requirements of army material. New anti-aircraft de-

(Continued on page 4)

fense is in the making; a new automatic rifle for infantrymen has been devised.

Powerful minority voices may be raised in congress to extend "continental defense" even further. One influential senate foreign relations committee member told the United Press that Mr. Roosevelt should emphatically re-affirm the unilateral Monroe Doctrine in all its particulars but without presuming any United Sttaes right or obligation to interfere in internal affairs.

GOLDEN ANNIVERSARY—Preparing for the golden anniversary of the Pasadena Tournament of Roses, its 1939 theme is announced in a pretty ceremony here. Heralds Ruth Gifford and Jetsy Posthuma reveal that the theme, "Golden Memories," is most fitting for the 50th year of this world famous New Year's Day floral festival, held in the California city.

Three Claims Made By Americans

BERLIN—The United States has made formal representations to the German government regarding damage done to American property during anti-semestic riots, it was learned today.

The representations, like those made by Great Britain, were in the form of a written note, in which the United States reserved all rights, including a demand for reparations.

At least three claims have been made by American citizens. A fourth claim was understood to have been made from outside Berlin.

Ambassador Hugh Wilson did not make the representation personally.

Other countries have taken, or contemplate similar action, it was learned.

Diplomatic quarters emphasized that foreign nations ewer not only interested in forcing German recognition of damage claims, but in obtaining a definite ruling that foreign Jews ahe exempt from the fines which have been levied on Jews as a whole.

Foreign diplomats were also determined to obtain a reply to their contention that, as a matter of principle, foreign Jews have a right to reopen their shops.

With more restrictive decrees against the Jews expected the representations were considered particularly important.

Germany answered world-wide protests with furious press attacks on foreign powers, including the United States, and with increased pressure on Jews.

The press made no reference to President Roosevelt's condemnation of the anti-semetic campaign but sternly warned that Jews would be treated as "hostages."

An official answer to President Roosevelt's statement, if there is one, may be given by Fuhrer Adolf Hitler at Dusseldorf Thursday where Ernst Von Rath, slain official of the German embassy in Paris, will be given a "martyr's funeral.

Officials of the Propaganda Ministry refused to comment on the President's statement. It was expected that, as in the past, Nazis would deeply resent "interference" in internal affairs.

Ward Honored At State College

Nineteen Mississippi State College students were signally honored last week with selections to representation in Who's Who in American Colleges and Universities, national annual of outstading American college students.

Recommended by a representative group of faculty and administrative members, the selected students are listed as follows: Dickie Carlisle, Tom Hardy, Cecil Freeman Gober, Jim Buck Ross Black, Marion Brumfield, Wallace McRoy, William Gray, Guy Harrell, Olive Garmon, John Overstreet, Nancy Trigg Jack Lindsey, Granville Tabb, G. H. Laughlin, Bennie Ward, George Armstrong, Billy Brown, and Earl Edwards.

Ward is the only junior selected, while Ross is the only member selected for the second time. Biographies of the above students have been sent to the publishers of the annual, and will be recorded along with similar biographies of other college students from over the entire nation.

According to publishers of the book, many firms receive copies of the annual for use in employment activity. To be selected for membership in the publication is considered an outstanding honor.

Argentine Not Ready For Comment

BUENOS AIRES — South American nations greeted President Roosevelt's call for a common defense front in the Western Hemisphere with a friendly but cautious interest today.

An attitude of restraint was evidenced in the desire of many officials for "further time to study" the suggestion and a flat stand by the Argentine Republic against any formal defense treaty.

"Argentina has always felt solidarity with other American nations in the matter of defense," Foreign Minister Jose Maria Cantilo told the United Press, "but any question of concluding pacts thereanent is out of the question at present.

Jimmy Denies Movie Offer

HOLLYWOOD— Rumors of a movie executive's job for James Roosevelt, the President's eldest son, followed him toward Washington today respite denials.

Roosevelt's resignation as his father's secretary was announced yesterday in Washington and he boarded an airliner for the capital last night "to clean up my desk."

He denied having accepted any Hollywood job, but added thta he "might have some more news for you when I get back here." He will return Saturday for another month's recuperation from a recent abdominal operation.

Regarding the rumors that he accepted an executive's job from producer Samuel Goldwyn, he said at the airport:

"It is not true that I have received any Hollywood offers."

Asked whether he would accept any offer, he replied:

"If it was good I would."

Grenada Band To Go To Greenwood

Baptists . sent Jew Persecution

JACKSON, Miss. — Germany's persecution of Jews was condemned today as "unjust, inhuman and un-Christian" in a resolution proposed at the state convnetion of Baptists.

The statement, addressed to Hans Heinrich Dieckhoff, German ambassador to the United Sttaes, was referred to the resolutions committee for approval before the conference voted on it in the name of 250,000 Baptists in Mississippi.

"It is inconceivable to us," said the resolution as drafted by Rev. J. D. Franks, of Columbia, "how a great, cultured historic people such as the German people, could perpetrate, or even tolerate the unjust, inhuman, un-christian persecution as has recently been reported in the American press, which your government seems to be inflicting upon the Jews of Germany.

"These persecutions have outraged the Christian conscience of the world. Furthermore, we cannot understand how a responsible government could inflict horrible punishment and heavy penalties upon a highly respected race of people living within its own borders in retaliation for a rash act committed by a lone, irresponsible, overwrought boy of the same race, living in another country. No system of civilized jurisprudence known to us could justify such retaliation.

"We join the Christian world in regretting and deploring the slaying of your esteemed citizen, Ernest Von Rath, German embassy secreeary in Paris by this misguided youth (Herschel Grynszpan), but we must condemn as unwarranted and unjust the wholesale punishment of Jews in Germany who had no part in instigating or executing this inexcusable crime and therefore wholly innocent of it. . . ."

The resolution requested Dieckhoff to forward the protest to Propaganda Minister Paul Josef Goebbels.

The committee also considered a protest to Rumania against persecution of minority religious groups in that country.

On Friday, November 25, the Grenada Band and Pep Squad wil go to Greenwood for the annual Delta Band Festival. This event is not a contest but rather is a time when bands over the state may get together and have the opportunity to become better acquainted with each other and to see the type of work that is being done in neighboring towns.

Twenty-five bands and several Pep Squads are to attend. The program for the day includes: a downtown parade in the morning, a beauty revue with fifty entries, continuous band concerts in the afternoon and colorful formations and drills at night on the athletic field. During the night performance there will be several unique stunts including a special exhibition of twirling by many of the best twirling drum majors in the South.

In addition to the Festival parade there will be a Christmas parade at dusk, with all units participating. This will include many very beautiful floats. At the same hour, Christmas lights of the city will be turned on.

Miss Helen Horton, Senior in the Grenada High School, has been elected to represen the school in the Beauty Revue.

There is a general admission of 50c which admits one to all Festival events, except the Queen's Ball, however tickets may be purchased through the Grenada Band for 25c, the tntire amount going to the local band.

To Face Firing Squads

VIENNA—Firing squads will be the answer to any renewal of anti-semitic rioting and further damage of property, Joseph Buerckel, Reich Commissar to Austria, told factory workers at Steyr today.

"The Fuehrer has empowered me to declare: "whoever in the future smashes, destroys or plunders another's property will have t reckon with being placed against a wall." "In the future there will be no Jew property."

PROTECT YOUR HOME, CHRISTMAS SEAL THEME

The Christmas Seal campaign theme "Protect Your Home from Tuberculosis" is a timely one for Mississippi following two successive annual increases in the state's TB death rate. Mrs. Henry Boswell, Susan Jane Anderson and Paul Walters are shown in a living reproduction of the 1938 seal which depicts the old custom of lighting a Christmas candle in the window. Not only as wife of Dr. Henry Boswell, national and state leader in the tuberculosis fight, but also in her own right, Mrs Boswell has for many years been prominent in the crusade against the disease, through newspaper and magazine writing, through the Woman's Auxiliary to the Medical Association, and through the activities of the Tuberculosis Association.

FRIEDMAN'S

Dry Goods Store

Ever appreciative of the trade that is given them, and wishing to make people happy at Christmas time, a group of Grenada merchants have arranged to give $250.00 free, on Friday, December 23rd.

The plan was open to all local business men, the special solicitation having made by Mr. T. K. McEachin, who specializes in work of this kind.

Mainly the group of merchants participating have their advertisements on this page, which the readers are requested to scan carefully. Others who have taken larger advertisements, and are participating are R. H. Herring and D. D. Smith's Volunteer Store.

The promotion, which Mr. McEachin conducted under the sponsorship of The Daily Star and Grenada Sentinel, was in the interest of the community and not in the interest of any specific group of merchants. If there are those who were not called upon, it was purely an oversight on the part of Mr. McEachin and not intentional.

The participating group is anxious to show in every way their desire to give those who shop in Grenada the very best service and consideration obtainable.

PERSECUTION

The world is becoming greatly disturbed by the apparent merciless persecution and robbery of Jews in Germany.

Condemnations have been hurled from all democratic nations, where natural rights of all well-behaved citizens are respected or guaranteed.

America has raised a loud protest against such intolerance—there is talk of boycotts aganist Germany and probabillty that every possible step will be taken commercially and diplomatically to punish the ruthless course, with the possible exception of military action on foreign soil.

Britain and France have assumed a stiffer attitude.

The news of the day shows that Germany has arrested 40,000 Jews, because a youthful Jew shot a Nazi government representative in France. Jewish shops have been battered by mobs in Germany, and the Jews demanded to pay four hundred million dollars to the government for the damage the Nazis, who run the government did to the Jew's shops.

Two Major Changes Face Sportsmen

Jackson, Miss., Nov. 15—Mississippi formally ushed in the hunting season this month with two major changes greeting sportsmen, Secretary Ben M. Stevens of the State Game and Fish Commission, said today.

In addition to an abundance of birds and waterfowl, hunters will enjoy a longer season on migratory waterfowl and a low-priced statewide hunting license. Instead of the old 30-day period on ducks, the season this year will be 45 days.

The license concession permits a hunter to disregard county lines when he is in possession of the new $3.25 statewide privilege. County licenses are $1.25, good only in the county of issuance. Non-residents may secure a seven-day trap license for $5.25 for hunting small game only.

First up on the hunting calendar is the duck season, which opened November 15 to run through December 29. Next comes the quail season on Thanksgiving Day, November 24, to continue through January 31, 1939.

The deer season begins November 20, the same day that dove shooting becomes legal in counties south of U. S. Highway 80. Rabbits may be hunted with a gun beginning Thanksgiving Day.

Duck hunters are cautioned to secure the $1 "duck stamp" at Post Offices, a federal requirement. In addition to ducks, ohter migratory waterfowl having seasons opening on the same day are geese, brant, Wilson's snipe and coot. The season closes December 29. Possession is fixed at two days' bag limit instead of one, as last year.

For the first time in several years, hunters may have 3 canvasbacks, redheads or ruddy ducks in their daily bag of ten, or an aggregate of 3 birds of the different species. These waterfowls have been on the protected list for the past two years. The possession limit on these ducks is 6 of any single species or 6 in the aggregate.

Restrictions in this year's hunting regulations on migratory birds that have been continued from last year are summarized as follows:

Baiting of waterfowl and doves and the use of live duck and goose decoys are not authorized, regardless of the distance between the bird and shooter! the 3 shall limit on repeating shotguns, either hand operated or auto loading, continued; hunters may use shotguns not larger than ten gauge.

Daily bag limit on ducks is 10 in the aggregate, same as last season, but the possession limit has been doubled to 20 in the aggregate; daily bag limit on geese and brant, 5 in aggregate, and possession increased to 10 in the aggregate.

Waterfowl and coot may still be hunted only between 7 a. m. and 4 p. m.; snipe, rails, gallinules (other than coot), woodduck, mourning doves, whitewinged doves, hunt from 7 a. m. to sunset.

Daily bag limit on coot remains 25, but this year a regulation prohibiting the rallying of these bids for hunting has been added. Not more than 2 days bag limit of lawfully taken and lawfully possessed ducks and geese may be transported in one calendar week. Transportation was limited to 1 day's bag last year.

Bag limits include: Rails and gallinules, 15; coot, 25; Wilson's snipe or jacksnipe, 15, woodduck, 4, doves 15 in aggregate.

Mammoth Yield Per Acre

It is reported from the Laurel area that the new industry has encouraged a wide range in sweet potato yields, averaging approximately 175 bushels per acre. The all time record is held by W. R. Richee, manager of the starch plant, who had a yield of 515 bushels per acre.

Strange Names Given To Babes By Louisianans

NEW ORLEANS—Parents who are undecided what name to give their children might find an appropriate one listed in records at the Louisiana state board of health office.

An examination of the records shows that hundreds of children in the state have unusual names ranging from Alphabet to Finis.

Almost all states are represented by babies named Alabama, California, Texas, Utah, Ohio, Kentucky and innumerable Virginias and Carolinas. A few cities such as Boston, Providence, Chicago, Orleans and Dallas have been so honored.

Southern negro slang was called upon to provide such names as Two-Bits, Cottonrider, Big Boss and Buck Shot while the more religiously-minded parents attached such names as Arch Angel, Gift of God and Holy Moses to their children.

Parents who tagged their children with names of Ra', Trouble, Ape, Rascal, Loveless, Evil and Coot are balanced by families who brought forth titles of Delight, Especial, Happy, Glorious, Lovely, Wonderful and Please.

ROTARY CLUBS ARE BANNED FROM ITLAY

ROME—Italy will apparently follow the lead of Adolf Hitler in abolishing Rotary Clubs, an order being issued today for the dissolution of the Club.

Rotary, an international organization, with a well-known objective to establish friendly relations between nations, and to seek the prevention of war, was barred from Germany several months ago.

LONDON—British press bitterly denounced German persecution of Jews today, calling it mob violence and saying that Germany could not expect Britain to leave responsibility of other parts of the world to Germany, if such acts were permitted. It is believed that Britain referred to the German Colonies which Hitler demands back.

Curiosity Costs Cat's Tail

Oakland, Cal.—Tony, an Angora cat whose curiosity complex got its tail into close communion with the ringer of an electrical washing machine, underwent a successful operation for the removal of the damaged caudal apendage. The cat is now in condition to continue its investigation into the laundry business, without further risk—if not to life and limb, at least to tail.

THANKSGIVING...

Boy! Oh Boy! There'll really be some "big doings" in this country Thanksgiving when people sit down before a table on which there is a deliciously raosted turkey with plenty of dressing, celery, cranberries and gravy just oozing out all over the platter. That's Thanksgiving in one sense of the word, but we like to think of the reason back of it all and, when we do, our hearts are filled with gratitude for everything we've received since last Thanksgiving. We're thankful for your patronage and your friendship. The Grenada Jitney-Jungle wishes the best for you. If you are enjoying health and prosperity, that will be Thanksgiving enough for us.
